The Jersey Oil Co., a monied company that flourished in this oil field some twenty odd years ago, own 1200 acres of land on Federal Creek. At that time the company paid some sixty thousand dollars for this land. Their agent, J. C. Blauvelt, a New Jersey man, and for years a resident of Marietta, transacted all transfers for them of late years. The Jersey farm, tenanted by Lewis Drum, was deeded by them to W. G. Crawford, who in turn disposed of it to Borkman & Laney for a handsome sum.

Messrs. Minshall and Van Bukey, of Tarkersburg, were up viewing the land in the interest of the West Virginia Pipe Line Co.

CAPT. HALLETT.

The funeral of Howard Hallett took place on the 17th of April, 1885 at Mt. Ephraim. Services conducted by Rev. A. D. McCormick, text from Job 14th chapter 10th verse. After services in the church, T. J. Stanley Post, G. A. R. concluded the burial services at the grave according to the ritual, the Salem Rifles, of which he had been Captain, giving the last salute. The ceremonies throughout were deeply affecting, especially the Post, he being the first one to break their ranks.

He was the son of O. & L. Hallett, born in Salem August 13, 1842. In the spring of '61 he enlisted in Co. I, 25th O. V. I. and was mustered into the service June 26th, Camp Chase, Ohio, then in his 19th year. The regiment was sent into W. Va. where they endured untold hardships the first winter on Cheat Mountain. In the fight at Bull Pasture Mountain, May 8th, '62, he was wounded by a ball on the left side of the head and through one wrist, and left for dead on the field. In the retreat he was found by his comrades to be alive and was taken along on an old army horse to a field hospital, where he remained until able to come home on furlough. The skull was fractured and depressed which caused intense suffering and delirium at times, and as he grew older these spells came oftener and with more severity. On the morning of the 7th inst. he was attacked with one and arose earlier than usual but could not do his morning's work at the barn. In three hours he was delirious, holding his head with both hands, and groaning with pain and talking incessantly, much being of scenes and incidents of the war. A physician was called and relieved him considerably but on the 11th he grew much worse. A consultation was held but gave little encouragement, the only hope being in trepanning, which was deferred until the 13th, but alas! too late. At 8 o'clock he was beyond the reach of deadly bullets or the aid of human hands, another sacrifice in defence of our country, just twenty years from the day of our first martyr President's death.

He served three years and one month, participating in some of the severest engagements, among which were the second battle of Bull Run, and Gettysburg where he was wounded on the face by a piece of shell and taken prisoner, paroled and exchanged. About the last of July, '64, he was discharged and soon after married Miss Retta Bell, of Lowell, by whom he had two daughters and a son, who with an aged mother and five sisters yet live to mourn the loss of a dearly loved one.
